Model N's Strategy as a Service

Strategy as a Service

Model N's Strategy as a Service empowers manufacturers to maximize revenue with a flexible approach to pricing and rebates.

With ever changing rules and regulations, manufacturers need the ability to adapt with new and creative pricing and rebate scenarios that drive additional business. Model N has the expertise to build these strategies for automated deployment via the Model N application. This service allows a manufacturer to engage Model N resources to build new strategies without requiring a new statement of work or waiting for an upgrade project.

Key capabilities

- Strategy Configuration Specification Document
- Strategy and Component XML files
- Model N Unit Testing Results

Benefits

- Ability to quickly adapt to new and innovating pricing and rebate schemes
- Maintain or improve ROI on Model N by administering complex pricing and rebate arrangements
- Jump start strategic implementation or new strategies without a new SOW or upgrade
